Online Dermatology Care

5 Simple Steps To Telemedicine

1. Schedule Your Appointment

Call 404-856-7440 or visit our website www.DermGA.com and click the yellow Zoc Doc Button.

2. Have Your Device Ready

Any device with internet connectivity and a camera will work, such as a smart phone, tablet, or laptop.

3. Get Connected

Ten minutes before your scheduled appointment, launch a browser window (e.g. Safari, Chrome, etc.) and navigate to www.dermga.doxy.me.

4. Check-In

Select your care provider and type in your name.

5. Start Your Video Visit!

Don't put your health on hold. Taking time out for you has never been easier!
If you have any questions or need assistance, our friendly staff is available to help you:

Since 1991, our mission has been simple: to provide quality dermatology care for all ages. Due to the covid-19 outbreak, making our care accessible online has been essential for the safety of our patients and care providers. We understand that receiving care via online video calls (telemedicine) may be out of the norm for many of us, so we have prepared 5 simple steps to telemedicine. Follow these easy steps and you can have your dermatology concerns addressed from the comfort and safety of your own home!
